KOMO MACHINE, INC.

KOMO is a big hit at AWFS 2017!

LAKEWOOD, NJ – August 15, 2017 – Komo Machine, Inc made quite an impression at this year's Association of Woodworking & Furnishings Suppliers Fair in Las Vegas, Nevada. They unveiled new innovative products and enjoyed being a finalist for the AWFS Visionary Award.

KOMO's new **XTREME 5 AXIS** was the main attraction at the exhibition. Customers enjoyed machining demonstrations in multiple materials and fun product samples (see pictures). The Xtreme 5-Axis was developed specifically for the customer who requires machining flexibility and more Z travel. Truly a machine that does it all!

KOMO also introduced the **AUTOLOADER 2.0** with an offload conveyor; Once again, demonstrating KOMO's innovation and leadership in material handling for panel processing and nesting applications.

And to top it all off – KOMO was a finalist for the AWFS VISIONARY AWARD for **KOMO MACHINE MANAGER 4.0 (KMM)** – a powerful new software application that allows the customer to keep track of machine productivity and tool life by sending real-time, configurable updates to plant management.

Overall the show was productive and informative. AWFS® hosted over 12,000 registered attendees – a 17% increase over the last show. According to AWFS officials, it was the largest show hosted since 2007 based on attendees and exhibitors. KOMO's well-designed booth provided a positive environment for product demonstration and productive discussions with the KOMO sales team, technical support team and top executives.

KOMO Machine Inc. designs and manufactures an entire line of high quality precision computer numerically controlled (CNC) routers and machining centers. All of KOMO's products are manufactured in the USA and are designed and supported by a highly skilled team of individuals. KOMO has produced more than 3000 CNC machines for the USA and serves International markets throughout the world with an extensive list of satisfied customers.
